

Saski means basket in Basque. This chair features strips of wood that are bent and then joined together. No screws or metal fastenings are used; nor will you find any mortise and tenon joints in this piece. Just a set of components that are crafted and joined together with adhesives. This is precise weaving work that combines the know-how of Alki's craftsmen with cutting-edge CNC technology.

DIMENSIONS:

CATEGORY:

Chair

ENVIRONMENT:

Indoor

APPLICATIONS:

— Public

WEIGHT: 6,6 kg

MATERIALS:
